### **DETAILED ACTION**

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 30, 44, and 46 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 30, 44, and 46 – references to the “distal end portion” lack antecedent basis.

#### ***Specification***

The specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. See 37 CFR 1.75(d)(1) and MPEP § 608.01(o). Correction of the following is required: The added limitations relating to side wall, end wall, etc., although inherent in the disclosure, lack clear antecedent basis in the specification.

The continuing data in the specification fails to include application 09/480,880 of which this application is a division.

#### ***Allowable Subject Matter***

Claims 26-29, 31-33, 35-41, 43, 45, and 48-58 are allowed.

Claims 30, 44, and 46 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
